

Amendment case # [2:20-cv-0017-TOR]

Dear Honorable Judge Thomas O. Rice my psychiatrist put me on med watch and ceased meds because I refuse to take clozorel and medication that there is no court order for me to take Dr. Baker is one of the defendants on this case # As a patient I have the right to refuse any medication unless ordered to take it by the courts This is a direct violation of my patient rights and it is also against hospital policy This is the worst mental institution I have ever been in my life this hospital has been violating my patient rights, civil rights, and constitution rights since I first arrived here in 2012 I was born with a mental condition of bipolar and later and is P.T.S.D. because I found my 13 year old friend shot to death gassing for his last breath that's why I have had so many civil commitments I've never hurt any body at mental institutions unless some one tried to harm me first.

Sincerely, Elliott O. Gooden
